

Whole School Uniform Policy

Purpose

The purpose of this policy is to ensure students, parents, and teachers are aware of the school uniform, and the procedures relating to noncompliance.

Overview

A school uniform is an integral part of the IBSB programme and plays a valuable role in contributing to the ethos of the school, setting an appropriate tone.

Research indicates that a school uniform can help to instil pride, support positive behaviour and discipline, encourage students to identify with and support the school ethos and core values, ensure pupils of all races and backgrounds feel welcome, protect children from the social pressure to dress in a particular way, nurture cohesion, and promote good relations between different groups of pupils.

The IBSB school uniform/dress code policy is communicated to the public through the school website, the Student Diary, and the Parent Handbook.

The School Uniform/Dress Code

The IBSB school uniform for students in the Early Years programme to Year 11 is available for sizing from the School Uniform Shop, located on the main campus in the Parent's Hub, and can be purchased online through the IBSB Trutex webpage (Please refer to ordering and delivery information below).

A letter will be sent out to all parents prior to the start of each new school year confirming the correct school uniform, including the summer uniform, the winter uniform, and the PE Kit for physical education classes, along with details about the process for ordering the school uniform online through the IBSB Trutex webpage. Refer to the Appendix to view the standard letter template.

All students will be required to be dressed in the IBSB Trutex uniform from the start of the school year.

Children must be dressed in a white collared shirt, dark blue trousers or skirt / dress, available on the IBSB Trutex webpage.
